

any one is wondering who is to be the
new one. I, for my part, am glad
that Gladstone has the firing away
of it —

Please give my kindest regards
to Mr Gray & wish to him to journey

I am yours most sincerely

J F F Fraser

We have been having a hoar of rain
today & I expect some cold weather
soon.

My dear Doctor Gray

I am so very sorry indeed to
hear of your accident it must have
been very serious & I am anyhow
glad to find that you are sufficiently
recovered to be able to write after 3
weeks. I hope that by the time
that this reaches you you will have
made still further progress and
that they will have let you soon
loose from your side. it is a
certain comfort though not much of

a one to have an accident, if you
are to have one, in a place where
you can get the assistance of good
surgeons as must be the case with
you.

Thank you very much indeed for the
kind way in which you express
your congratulations & please to
thank Mr Gray also for hers.

It is certainly a very pleasant thing
to think about - we are to

be married on Jan. 18 - So you
may wish us well on that day, and
I think that we are going to Rome
in Feb^r as Mr. Graham has
been here & we should stay
there about 2 months. Otherwise
I have travelled a good deal &
am fond of it & of the sea, so I
really don't see why we should
not come over to you one of these
days & I hope that it may
very soon come to pass.

You will have seen that the
Archbishop of Canterbury is dead
